I have more information if anyone is interested. If there are any mistakes please let me know. Most of my information comes from research done by distant Snider relatives in 1976. The family group sheets and other papers I found in a box in my grandmother's house after she died. Being the oldest daughter, it was handed down to her for safe keeping. Now I'm trying to put this together.

Thanks for your help.

Dear Gene,

Thank you for posting the Snider family history. It filled in some blanks that have haunted me since I began this search. I have more Snider information but am not sure how to send it to you if you want it. If you'd rather I posted it to the group let me know. I love sharing what I have.  
It's the best way to keep it alive and safe.

I noticed that you had me referenced at my old email address. My correct address is <jmcallis@mindspring.com>. I'm sorry if I didn't correct this earlier.

I have one question. Do you or anyone know if the name was "Americanized" legally, as my papers show, or was it just something they did? Legend in the family has it that William changed it when he came to America from Schneider to Snider and he changed his name from Wilhelm to William. This is just curiosity on my part since my grandmother was a Snider.

Thanks again.

I am especially interested in any Orangeburgh family info prior to  
1865, or  
the family generation line that migrated out of Orangeburgh before  
that time.

Any hard copy data, I enter in my computer and then give to the  
Orangeburgh  
German-Swiss Genealogical Society; if you would like to send a GEDCOM  
of  
you data that would help me; if you prefer e-mail, just compress the  
file,  
UUENCODE it and e-mail to me; or post to list.

Not aware of legal change in Snyder name. I know there was at least  
two

Snyder-Snider lines in Orangeburgh District. One line left the  
Lexington

Co. area all-together.
